

## The versatile best selling machine

The 32-bit CPU provides functions which are present only in the change machines of higher range and price, such as importing/exporting configuration parameters, exporting accounting data and the useful function of machine cloning. The reinforced closing mechanisms make Easy PRO one of the most secure change machines in the market with regards to attempts of tampering and fraud.

### Features

- Connection of peripherals via ccTalk
- Distribution of coins or tokens (Bonus function for tokens)
- Coins/tokens dispensed automatically or manually
- New 32-bit CPU with SD-Card export  
Exporting of accounting data and importing of configuration parameters via SD-Card
- Machine cloning function
- Special cover for the dispenser's extension: prevents coins from falling out if the machine is tipped over
- Internal on/off controls to prevent tampering
- Pivoting door to facilitate dispenser-loading and cash box removal operations
- Holes in the cabinet for fastening it to other machines or to external structures (columns or pillars)
- Wide range of installation options: wall mounted (with the Easy UP kit); countertop; wall mounted by means of 3 anchoring bolts to be inserted at the back of the device; free standing on support base (optional)

Easy PRO fits perfectly into all environments: shopping centres, gyms, airports, service stations, arcades, offices, bars and internet cafés

### Installed peripherals
